

TAKE CREATIVE CONTROL OF YOUR CAMERA

Beginners and New
to Digital SLR Cameras

Manly Ferry Passing Dobroyd Head at Night

REALISE YOUR CREATIVE PHOTOGRAPHIC VISION!

Graduate beyond point-and-shoot photography and put an end to the frustration of wondering why things work sometimes and why sometimes they don't. **Show your digital camera you are the boss!**

The **Creative Control** course puts you on the road to becoming a proficient digital camera user who is able to see and confidently capture photographs that shine and have meaning for yourself and others.

The course begins with learning to take full manual control of your camera* to get the results YOU want! This is simpler than you might think as there are only three things to control. Later you will use automated exposure modes and switch to manual control when it's needed to get the results you want.

action photography

macro photography

Points the course will cover

- manual control of your camera - the 3 ways to control exposure
- review of manual, programmed and auto-exposure modes
- photographic vs human vision & white balance
- composition and communicating with photographs
- effects with lenses and shutter speeds
- photographic accessories
- use of flash lighting and reflectors
- basic image editing techniques
- dawn or evening field excursion
- opportunity to explore your area of interest.

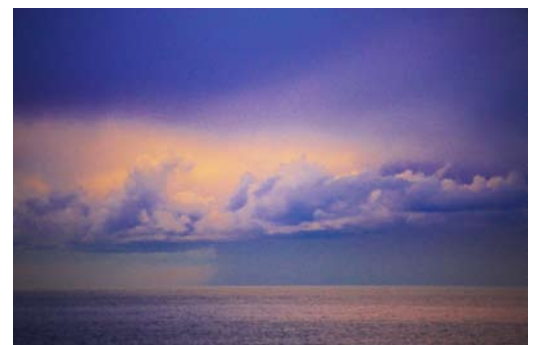

seeing photographs (look at it upside down)

* having a digital camera with a manual exposure mode is important for this course as it will let you learn "hands on"

show movement

dawn/dusk photography

EXPERIENCE THE JOY OF HAVING THE CAMERA OBEY YOUR EYE!

Course Presenter, Orlando Luminere

Course presenter **Orlando Luminere** is a Northern Beaches professional photographer who is totally passionate about photography. His unique teaching system draws on a lifetime of photographic practice and over a decade of teaching experience. It gets both great results and feedback:

"Really interesting and useful. Nice and casual style, very knowledgeable, answered all questions without hesitation. Great course for web work - found it really useful for me. Thanks a lot" Liz Hussein

"Orlando talked to you, not over you or at you. Well Done" Most valuable part of the course: "the lot" Least valuable part of the course: "none of it" Cecil Keed

"Conducted course in interesting fashion & encouraged participation, questions etc. Very Impressive." Most valuable part of the course: "Camera features," Least valuable part of the course: "NA" David New

Venue Timing and Dates

First floor **Function Room at Henry Africas, 42 North Steyne, Manly**
Tuesdays 7-9pm 4 August to 1 September 2009
& Wednesdays 7-9pm 5 August to 5 September 2009

PS: Orlando will stay afterwards for a chat so come and enjoy a drink & pizza!

Day-time (school hours) courses will be run if enough people are interested - please let Orlando know if you are available only on Wednesday or during the daytime (school hours).

Cost & Details

\$235 early bird (by 1 June) or \$265 last minute.

You will receive printed course notes and an open ear to hear your questions and help you as much as I am able. Bring your digital camera and CAMERA MANUAL to all classes. The camera doesn't have to be an SLR type but it should be able to let you set exposure manually.

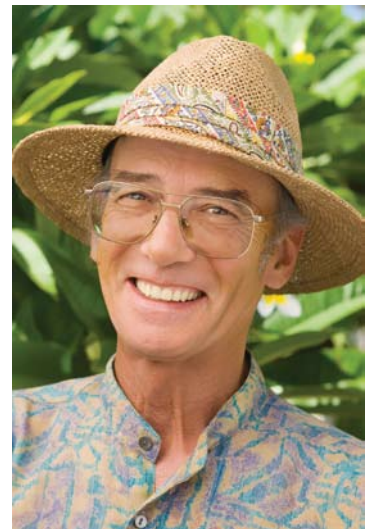

Reserve Your Place

Classes are limited so be quick to reserve your place, call Orlando on

02 / 9949 1875 or 0413 067 241

or email him: **orlando@luminere.com.au**

PS. One-on-One and small group tuition is also available - suits time-strapped people, those going on holidays "next week" with a new camera
